

About Us

REEF DEMASHQ: Company was established in 2015 with a trade license issued by the Emirate of Sharjah. The group specializes in freight transportation using both light and heavy trucks and is considered one of the leading companies in this field.

The team at **Reef Demashq** Company is distinguished by their experience and efficiency in executing freight transportation operations using trucks. The company has a fleet of light and heavy trucks equipped with the latest technologies and necessary equipment for safely and efficiently transporting goods

The company is exceptionally well-equipped with a fleet of modern, high-capacity equipment for cement transportation. This indicates the company's commitment to providing high-quality and efficient cement transportation and delivery services. These equipments may include modern heavy-duty trucks, equipment for quick and safe cement loading and unloading, and advanced transportation systems that facilitate efficient fleet management. This can contribute to improving productivity and reducing costs, thereby enhancing the company's competitiveness in the cement transportation market.
